where there's NO SMOKE there's NO fire

And that is the unique advantage of flameless electric househeating.

Since there is no flame, there are no products of combustion such as moisture, soot, grime or smoke. Electric heat consumes no oxygen thus insuring a clean, constant, healthful supply of air.

Still further, you gain the distinctive benefit of room-by-room control which only electric heat provides. If you are wondering how it compares in operating cost, just ask your CP&L representative to show you case histories and actual operating records. In this way, you can prove to yourself that flameless electric househeating costs no more than older methods of flame-type heat.

Remember—only flameless electric heat provides matchless Medallion Living.

INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, (publishers of the Goldsboro City Directory since 1906) presents to subscribers and the general public, this, the 1963 edition of the Goldsboro City Directory, which also includes Mar-Mac Village. The inclusion of Mar-Mac Village is new.

Confidence in the growth of Goldsboro's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Goldsboro to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Goldsboro Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Goldsboro, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Goldsboro, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of

799362

the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Goldsboro and vicinity.

The Coldsboro Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Goldsboro City Directory, a Directory Library is maintained in the offices of the Goldsboro Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

GOLDSBORO

"THE HEART OF EASTERN NORTH CAROLINA"

(Courtesy Goldsboro Chamber of Commerce)

Location and Topography—Goldsboro, a city with an estimated population of 31,100, is 49 miles southeast of Raleigh, the state capital, 89 miles north of the port city of Wilmington and 97 miles northwest of the port of Morehead City. The city is halfway between New York and Jacksonville, Florida, approximately five hundred miles from each.

Wayne County, of which Goldsboro is the county seat, has an area of 555 square miles. It lies wholly within and is the approximate center of the Coastal Plains section of the state, one of the great agricultural areas of the United States. The topography is flat to gently rolling and averages approximately 104 feet above sea level.

The Neuse, Northeast Cape Fear and Little Rivers, as well as a half dozen creeks, drain the county.

Climate—The annual mean temperature is 61.3 degrees ranging from an average of 42.8 degrees in January to 79.7 degrees in July. Rainfall averages approximately 49 inches annually. Snow is seldom seen.

The date of the last killing frost in spring is April 1, the first in the fall is November 4. The length of the growing season is 217 days.

Taxes and Fiscal Policies in North Carolina—North Carolina has sound and economical fiscal policies. The tax administration machinery insures fair and equitable enforcement without discrimination. The budgetary control system is unexcelled. There is no way for the State to create a legal deficit.

The Governor is directed by law to reduce the appropriations to the extent that revenues fail to meet requirements. The State may not borrow in excess of 2/3 of the amount of debt retired during the preceding biennium without the authorization of the voters. Local governments are similarly restricted to 2/3 of the amount retired during the preceding fiscal year. The Local Government Commission supervises the issuance of all local governmental bonds.

In order to compare the tax structure of North Carolina with other States, it is necessary to consider total State and local taxes. The responsibility of financing public schools and roads rests on the State. Thus, State taxes constitute a greater portion of all State and local taxes than is the case in most States. This results in efficiency, economy, more uniform services and a reasonable local tax bill. Interstate comparisons are misleading, but experience shows that tax costs calculated for N. C. specific plant sites with specific data as to size, type, and financial characteristics compare quite favorably with other Southeastern States.

Reasonable tax treatment of businesses and industry is a fixed policy. The franchise tax on corporations has been lowered to ease the tax load on business, and the intangible taxes have been adjusted downward for the same purpose. State tax rates on corporations have not been raised during the last 20 years. The 1953 General Assembly created a Tax Review Board. The 1957 General Assembly modernized the tax laws and adopted a set of allocation rules for multi-state businesses which fosters the development of regional distribution centers as well as a continuation of the growth of manufacturing concerns.

Major Sources of State Revenue: There is no State Property Tax.

1. Gross retail sales tax (3 %). Industrial machinery, equipment, parts and accessories (1 %). Limit of $80 on a single item. Coal, coke and fuel oil (1 %). Raw materials, containers, labels, wrapping and shipping materials exempt.
2. Income tax on individuals and corporations limited by State Constitution.
3. Gross receipts tax on utilities and insurance companies.
4. Beverage taxes on beers and liquors.

Minor Sources of State Revenue:

1. Classified property tax on intangibles.
2. Franchise tax on business corporations.

3. License fees and earnings.
4. Gasoline tax-solely for highway maintenance and construction.
5. Equipment and supplies subject to wholesale rate of 1/20 of 1 % if purchased in North Carolina.

Bonded Indebtedness of State of North Carolina $244,603,600.00

"Moody's and Standard and Poor's give North Carolina State Bonds the highest rating placed on bonds by these rating services. This is a distinction enjoyed by not more than a dozen states.

AERIAL VIEW OF GOLDSBORO

Transportation Facilities—Railroads: Three railroads provide Goldsboro with excellent freight and passenger service. They are: Atlantic Coastline Railroad Company, Southern Railway System and Atlantic and East Carolina Railroad Company.

These railroads are adequate to provide fast and efficient delivery of merchandise and materials to points all over the United States.

Air—Goldsboro has a municipal airport six miles west of the city on U. S. Highway 70. It provides service and facilities for transit aircraft and charter flights may be arranged.

Piedmont Air Lines, a certified air carrier, serves Goldsboro with 6 flights a day to all points. Terminal is located 1 mile East of Goldsboro on old Highway 111.

Inter-City Bus Lines—Goldsboro is served by three bus companies—Atlantic Greyhound Lines, Queen City Coach Company and Seashore Transportation Co., with 56 departures and arrivals every 24 hours.

City Transportation—The Goldsboro Transportation Company operates modern buses with routes to all sections of the city. Special companies and individuals provide adequate taxi service.

Motor Freight—Goldsboro is served by U. S. Highway 70, a trans-continental east-west highway, U. S. Highways 13 and 117, north-south routes, and state highways 111 and 581. Goldsboro is also the center of a vast network of paved secondary roads providing easy travel to all sections of the county.

Seven large trucking companies maintain terminals in Goldsboro and, along with a number of local companies, offer fast dependable motor freight service to all points daily. In addition, there are several local "for hire" trucking companies.

Population—Ninety-nine per cent of the people of Goldsboro and Wayne County are native born.

In addition to the ability and know-how of the local staffs of these banks, we have access to the many specialists employed by these banks. We can avail ourselves of special financial services which are only offered by institutions possessing substantial resources. Naturally the resources shown above are not generated in Goldsboro alone but include combined deposits and net worth of all of the offices of these various banking institutions. This is a definite advantage since available credit for new industry and commerce is not limited to funds generated in our local economy.

EAST WALNUT STREET

A local borrower with a request justified by sound banking principals may borrow up to the maximum amount which any one of these banks is permitted by law to lend.

Wholesale Trade—Goldsboro is rapidly becoming the distribution center for this area. It is the almost exact center of the Coastal Plains section of the state and its excellent rail and highway facilities make for easy transhipment to other cities and towns.

Wholesale sales were estimated at $50,000,000 during 1959.

Hotels--There are three hotels and six motor courts in Goldsboro providing 400 rooms: The Hotel Goldsboro with 200 rooms and 200 baths, the Center Hotel, the Terminal Hotel, the El Rancho Motor Court, Goodson's Motel, Wayne Motel, Goldmount Motel, Jet Motel and Holiday Inn.

There are numerous guest and boarding houses.

Newspapers and Radio Stations—There is one newspaper: The Goldsboro News Argus, an afternoon daily with a circulation over 13,400.

There are four radio stations, WGBR, 1,000 watts; WEQR (FM), 40,000 radiated watts; WFMC, 1,000 watts and WGOL, 1,000 watts. The first two stations are affiliated with the American Broadcasting Company and the third with the Gold Leaf Broadcasting Company.

Electric Power, Goldsboro and Wayne County, N. C.

Carolina Power & Light Company

Power Resources and Description of Company:

Present Capability in KW 1,942,000	Under Construction. 185,000
Service Area 30,000 sq. mi.	Customers 440,000
Plant Account in excess of	$410,000,000

Company's local maintenance and service crews are adequate to provide excellent service. Hundreds of maintenance and service men with necessary equipment, elsewhere on Company's System, may be drawn upon in case of emergency.

Availability of Power in City of Goldsboro, County of Wayne, N. C.: Through lines emanating from Company's 110 KV interconnected power resources, including thirteen interconnections with surrounding power companies, any reasonable quantity of power can be delivered as needed. Company should be consulted about accessibility of, and delivery dates to, specific sites.

Service Connection Policy: It is the policy of Carolina Power & Light Company to install, at its expense, the necessary facilities (that is: line extension, substation structure, transformers, and metering equipment) to supply electricity to industrial customers, provided the cost of these facilities is not disproportionate to the estimated annual revenue and the initial term of the contract for electric service.

The Company will deliver to and meter service on the secondary bus at one standard mutually acceptable voltage. Where voltages other than the one agreed to are required in the customer's plant, it is the customer's responsibility to provide transformation. Customer will also furnish and install conductors to its plant from the secondary bus, as well as all the necessary switches, protective devices and other equipment beyond point of delivery.

Churches--There are more than fifty churches in Goldsboro representing practically every religious faith: Baptist, Christian, Episcopal, Jewish, Latter Day Saints, Methodist, Evangelical, Pentecostal, Presbyterian, Lutheran, Roman Catholic, et cetera.

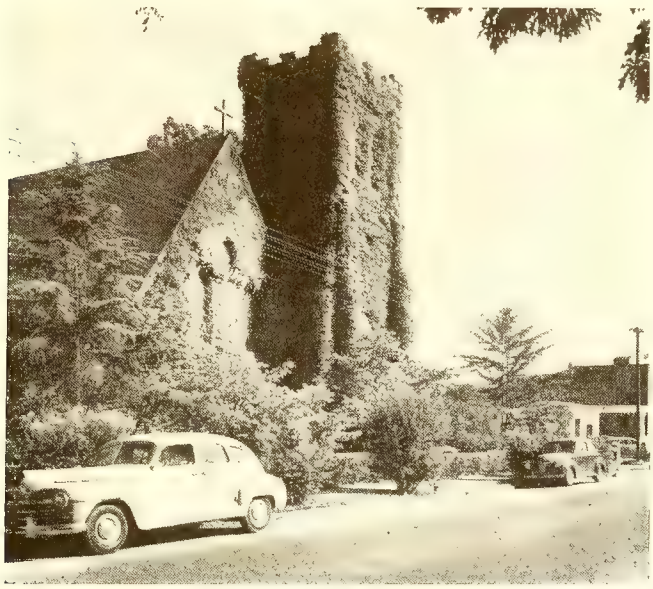

Civic Organizations--Service clubs include Kiwanis, Optimist, Lions, Rotary, Civitans and Junior Chamber of Commerce.

Veterans Organizations are the American Legion, 40 and 8, Veterans of Foreign Wars and Disabled American Veterans.

Other organizations include the Goldsboro Chamber of Commerce, the Goldsboro Woman's Club, Business and Professional Women's Club, the American Legion Auxiliary, several parent-teacher associations, the Community Concert Association, a unit of the North Carolina Symphony Society, Wayne Ministerial Association, Wayne Medical Society, American Red Cross and the Community Chest.

Lodges and fraternal organizations include the Elks, Masons, Odd Fellows, Woodmen of the World, Moose, Pythians and Shriners.

Recreation--Recreation for the youth of Goldsboro centers around the Wayne County Memorial Community Building. The building has an indoor pool, gymnasium, banquet room, several meeting rooms and provides office space for the Boy and Girl Scouts, Red Cross and United Fund. A recreation field, one and one-half miles from the building has baseball and softball diamonds, football field and an outdoor basketball court. The Boys Club, with a full time director,

ONE OF GOLDSBORO'S MANY BEAUTIFUL CHURCHES

EIGHTEEN HOLE GOLF COURSE

recently purchased a spacious residential home, and carries out a well-rounded recreational program for its many members.

The city of Goldsboro has a recreation commission with five members.

The Colored Community Center has a large meeting hall and gymnasium combined, meeting rooms and a full time director.

Herman Park, 19 acres, has six tennis courts, playground equipment and amusement rides. In addition, three white and three colored schools have playgrounds with equipment.

The "Cliffs of the Neuse" State Park, located 13 miles southeast of Goldsboro, is a very popular recreation spot for the people of this area. There are 312 acres in the park with paved roads, trails and paths leading to all parts of it. Chief attraction is the view from the 98 feet high cliffs. There are several picnic areas with outdoor fire places. A lake for fishing and swimming was completed in 1955.

There are three lakes for swimming, besides the indoor pool, located five to twelve miles from the city; four theatres, including one colored, with seating capacity of 2,035 and two drive-ins with car capacity of 450; five billiard parlors with twenty-four tables, an 18-hole golf course; country club; two stadiums: Goldsboro High School and the Goldsboro Municipal Stadium.

Hunting and fishing are popular sports for Goldsboro residents. Fishing is excellent in the nearby Neuse and Little Rivers, bass, brim, rock, robbin and catfish. For the hunter there are rabbits, squirrel, quail, and foxes.

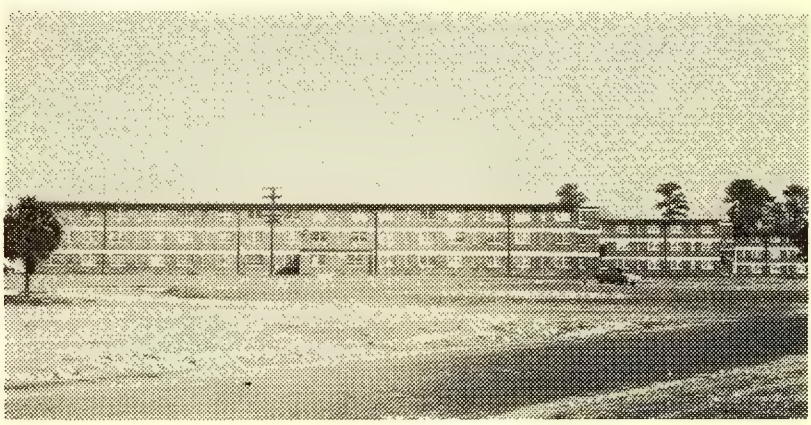

North Carolina beaches are only two hours away. Fishing and hunting are excellent along the coast and boating is a popular sport in the protected sounds and on the ocean.

Seymour Johnson Air Force Base

Seymour Johnson, a training base during World War II, was reactivated April 9, 1956. It falls under the command of the Ninth Air Force and is part of Tactical Air Command.

The main unit at Seymour Johnson is the 4th TAC Fighter Wing which has three groups and twelve squadrons. The 482nd Fighter Interceptor Squadron of the Air Defense Command, the 4241st Wing of the Strategic Air Command and 19th Air Force Headquarters are tenant units at the base. The estimated military strength is 6,000.

Practically all of the temporary buildings constructed during World War II have been replaced with permanent type. Approximately $150,000,000 has been expended for new construction and it is expected that considerable more will be spent within the next few years to make Seymour Johnson the most modern base in the country.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

CRUMPLER SECRETARIAL SCHOOL

1007 E. Walnut, Goldsboro

Phone 734-3641

Member of North Carolina
Association of Business Colleges

One of the biggest problems confronting businessmen in these years of growth and development is filling the demand for competent secretaries, accountants and office workers.

The Crumpler Secretarial School, established since 1941 is licensed by the State Board of Education and bonded for the protection of students. This institution is helping to fill this demand by capably training hundreds of young people to fill these positions. They offer complete secretarial, stenographic, bookkeeping and accounting courses as well as a free employment service. Convenient evening classes are offered for those who must "earn while they learn."

Nora A. Crumpler, President, a Teacher of Business Subjects since 1926 is always happy to advise you. So, if you are looking for a better-paying job, let this institution fit you for that position so that when "opportunity knocks" you'll be ready.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Do your employers furnish you with the latest edition of the City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer expects.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *ALPHABETICAL* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 *A HOUSEHOLDERS' DIRECTORY* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *CLASSIFIED BUSINESS DIRECTORY* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"BUYERS' GUIDE SECTION"*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *STATISTICAL and HISTORICAL STORY* of your city: plus miscellaneous other information.

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) stsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

Your City Directory
Will Answer

ABOUT AN INDIVIDUAL

How does he spell his name?
What is his middle initial?
Is he married? What is his wife's name?
Where does he live?
Does he own his home or rent?
Has he a telephone?
Who are his neighbors?
What does he do for a living?
Where does he work?
Is he the "head of the house" or a resident?
Does he own a business? Is he a member or officer?
Who else is in the same business or profession?
Is the woman single, married or a widow?

ABOUT YOUR CITY

What is the city's history?
What are the latest population figures?
What is the latest statistical and general civic information?
What are the leading industries and activities of the city?
What are the names and locations of the schools?
What are the churches and where located?
Who are the pastors of the churches?
What are the locations of the hospitals, homes and asylums?

ABOUT A LOCALITY

How is the quickest way to get there?
Who lives at a given address?
Is there a telephone at the address or nearby?
What is the character of the neighborhood?
Is it a "home-owners" section?
What is the nearest street corner?

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1963

Including Mar-Mac Village

Copyright, 1963, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ® following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc. does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)
